

# First Christmas Without You

Rex POTAM

*A song about... Well, Christmas. In memory to all the people we miss.*

*Une chanson sur... Noël... En mémoire de tous ceux qu'inous manquent.*

I'll think of you on Christmas Eve  
All the presents I won't give you  
All the smiles we won't be sharing  
And your absence under the mistletoe

**It's our first Christmas  
With your smile only from above  
Under the tree, all the treasures  
And your last present, by the stove  
Our first Christmas... without you**

The children are all grown by now  
Santa comes, his sleigh straight from you  
All the smiles you will be giving  
And your presence around us — a blessing

**It's our first Christmas  
With your smile only from above  
Under the tree, all the treasures  
And your last present, by the stove  
Our first Christmas... without you**

*(bridge)*

**It's our first Christmas  
With your smile always in my heart  
Under the roof, all forgiveness  
And you'll always be there in sight  
Ne'er a Christmas... without you**
