

Beat the Beast

Rex POTAM

Cette chanson est un rock, quelque part entre le pop-rock et le rock progressif.

*Elle raconte l'histoire d'un couple « un brin » dysfonctionnel,
d'une amourette qui se transforme en quelque chose de plus brutal...*

Just one night of love
Is all I ever wanted
I took her for a dove
Love and peace, a promise

Grasping softness stroking my skin
My heart in a frantic sprint
When did it stop being feral
When did I start hearing carols?
Beat the beast

Just one night of love
Is not what she wanted
Inside that velvet glove
Whip and fear, no release

Yearning for bliss under the pin
My heart in a frantic sprint
When did she stop running in circles
When did I start tasting offal
Beat the beast

Somebody please, you help me
The cold stone of the altar
Chars the rind of my soul
Anyone please, you save me
The dove became a vulture
Pecking at my liver raw

I have no energy to
Beat the beast
Beat the beast
Beat the beast

Earning scars all over my skin
My heart in a frantic sprint
When did I stop hearing carols?
When did she start acting feral?
Beat the beast

I'll hate you forever
If you tear me from her
I'll owe you forever
Please be my saviour
